Dear Mr. Jones,

The District is in receipt of your request dated April 11, 2013 for video records from the BART Fremont, Dublin/Pleasanton and Fruitvale Station lines taken in the late night and early morning hours of December 31, 2010. In addition, include video evidence presented at the trial of Johannes Mehserle in relation to the shooting of Oscar Grant.

Your refer to your request as one made pursuant to the California Sunshine Amendment, however the District is responding to this request as a Public Records Act request under the California Public Records Act (California Government Code sections 6250 et seq), the District's governing statute for public records requests.

The District is in the process of reviewing its files for records that are responsive to your request. This letter will serve to advise you that, to the extent the records you have requested exist in the District's custody and are not legally exempt from disclosure, they will be made available to you.

The District estimates the material will be available by May 28, 2013.

We will notify you of the availability of the records.

Sincerely,

Kenneth A. Duron  
District Secretary
